KNOXFIELD COLLECTION

COLLECTION IN WHICH YOU WILL BE SEEN FINALLY, UNIFIED WORKWEAR

Functional and modern clothing that fits. Individual pieces fit together, while meeting the requirements for Hi-Vis equipment. Such was the idea of designer Tomáš Hybler. The result is the unique Knoxfield collection, offering 294 different combinations of clothing.

From the KNOXFIELD workwear, you can choose, for example, trousers, a sweatshirt, shorts and a softshell jacket. You can pick a color combination that suits you and all pieces will go together. In this way, you can easily equip your entire factory with uniformed clothing that looks great, is comfortable and fits perfectly.

Most of the products in the KNOXFIELD collection come in two versions:

1. classic workwear
2. hi-vis clothing, which meets the norm EN ISO 20471.

KNOXFIELD clothing is suitable for work in most common operations
– roads, high-ways, railways, stock, construction.

Explore the collection full of various color combinations (fluorescent yellow, orange or unusual red), original cuts and cleverly and effectively positioned reflective piping, stripes and edging. All pants have a specially designed elastic waistband, which will make you feel comfortable all day long.

RESULTS OF THE VISIBILITY CLASSES ACCORDING TO EN ISO 20471

If you combine more products from KNOXFIELD collection, you can enlarge the size of reflective material and also increase the class according to EN ISO 20471.

ADJUST THE KNOXFIELD COLLECTION TO YOUR NEEDS

ADJUST THE KNOXFIELD COLLECTION TO YOUR NEEDS IN 5 STEPS

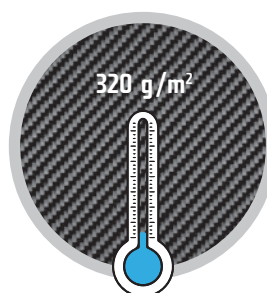

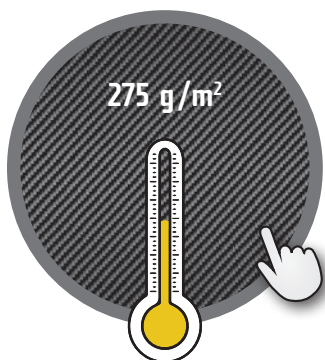

The new KNOXFIELD collection is designed as to meet the individual needs and requirements imposed on every profession. Now you have the possibility to design your customized work outfit to meet your specific requirements – decide between a women's and men's fit, choose between 3 weights, select the basic colour of the garments to fit your company colours, for instance, add one of the three contrasting stitching features and, eventually, choose the degree of high-visibility of the clothing.

If interested, contact your sales representative or send a message to export@cerva.com.

1. choose the women's or men's fit:

2. choose the material weight corresponding to your work environment:

The higher the weight you choose, the stronger and more resistant the work clothing will be. At the same time, the material will be more rigid and warmer.

ADJUST THE KNOXFIELD COLLECTION TO YOUR NEEDS

3. choose the hi-vis colour:

4. choose the complementary colour of material:

5. choose the hi-visibility category of the work clothing:
